PREFACE

This volume is a *permanent* record of books published during the two years 1959-1960; in accordance with the overwhelming vote of the subscribers, there will be no more four-year cumulations. Like its predecessors in the series, it aims to be a complete bibliography of works in English for the years covered—exclusive of government documents, maps, sheet music, cheap and paperbound editions, pamphlets, tracts, propaganda, and other issues of local, fugitive, or ephemeral nature. Certain other books have been omitted because it was impossible to find the sources from which they could be obtained.

Books published before 1959 or early in 1961 may appear in this volume if the information was received within the period 1959-1960. Entries appear here, too, for those books, listed in previous permanent volumes of CUMULATIVE BOOK INDEX, for which we have received notice of a correction in publisher. These entries are designated (corr pub). Similarly the main entry has been rerun for books for which substantial price changes are known to have occurred. These entries have the designation (corr price). However, prices change so rapidly that users are warned when ordering books to check later issues of CUMULATIVE BOOK INDEX and to allow also for possible unrecorded price revisions.

15 May 1963

No attempt has been made to check out-of-print items. Occasionally when such information was available, it was indicated by the usual sign: op. It has likewise been impossible to trace books of publishers who have recently gone out of business.

Grateful acknowledgement is made to all who have helped with the preparation of this volume, including Robert Freeman.

EXPLANATIONS

LIBRARY OF CONGRESS CARDS

Numbers to be used in ordering the printed catalog cards of the Library of Congress are given at the end of the main (author) entry of each book. When the card for a serial publication or a many volumed set appearing at intervals is printed as an open entry card, the number is enclosed in curves ( ). Where the card number is enclosed in brackets [ ] it indicates that the card at Library of Congress is for an edition of the book other than one listed; or is for the English edition when two numbers are given.

When a book is entered before the Library of Congress card number can be procured, the main entry is reentered in a succeeding issue of the Index with the order number attached.

For further information apply to the Card Division of the Library of Congress, Washington 25, D.C.

(W)

The (W) symbol following an entry indicates that Wilson printed catalog cards were available for the title at the time of its publication.
